Declaration of SVHC / REACH Conformity (Updated 2026)

To minimize environmental impact and to demonstrate our ongoing responsibility toward the planet, Belcom Cables Ltd confirms that we actively monitor and assess our supply chain to ensure that all products shipped into the EU comply with the requirements of Regulation (EC) No. 1907/2006 (REACH) concerning Substances of Very High Concern (SVHCs).

The European Chemicals Agency (ECHA) published an update to the REACH Candidate List on **4 February 2026**, adding **two new SVHCs: n hexane and 4,4'-[2,2,2 trifluoro 1 (trifluoromethyl)ethylidene]diphenol (Bisphenol AF) and its salts**. This update increases the Candidate List to 253 entries.

Our Policy

Belcom Cables Ltd will continue to:

- Monitor the ECHA Candidate List for all future additions and regulatory changes.
- Act in accordance with all REACH obligations, including Article 33 communication duties and Article 7(2) notification requirements where applicable.
- Notify authorities and supply chain partners promptly if any SVHCs in our products exceed the relevant thresholds.
- Work proactively with suppliers to identify, reduce, and ultimately eliminate SVHCs from our materials wherever technically feasible.

We remain committed to full regulatory compliance and to reducing the presence of harmful substances in our products.
